

fail to file a joint Proposed Case Management Plan by Friday, September 15, 2023, the Court **will adopt** Defendants' proposed schedule. **Plaintiff is further cautioned that his extension until Friday, September 15, 2023, to supplement his complaint will in no way stay discovery.**

In my July 18 Order, Plaintiff was further directed to file, **under seal**, a note from his doctor(s) attesting to the conditions he listed in his last request for additional time. (See ECF 95; *see also* ECF 92). Instead, Plaintiff filed unsealed but redacted medical records that do not include any note from his doctor(s) explaining or attesting to his inability to litigate his case. (ECF 97). Plaintiff is once more directed to file, **under seal, no later than September 15, 2023**, an unredacted note or letter from his doctor(s) attesting to the medical conditions or diagnoses that prevent him from timely litigating this case.

Plaintiff was further directed to provide to Defendants an email and phone number where counsel may reach him and warned that failure to do so may result in sanctions. (ECF 95). It is not clear whether Plaintiff has provided this information to defense counsel. Accordingly, if he has not already done so, Plaintiff is directed to provide his email and phone number to defense counsel **no later than Wednesday, August 23, 2023**. Failure to provide defense counsel with this information by Wednesday, August 23, 2023, **will result in sanctions of \$1 for each day he does not provide his contact information.**

Counsel for Defendants is directed to serve a copy of this Order on *pro se* Plaintiff, via trackable means, and file proof of service of this Order on the docket.

SO ORDERED.
